## SCHEDULE OF EVENTS RELEASED FOR DEBATE TEAM PARTICIPATION

### Group To Tour Southern California May 14 To 17--Meet Los Angeles

Just released is the schedule of events for the debate team's participation during its Southern California sojourn, May 14 to 17 inclusive.

According to Woodrow Semerau, debate manager, the first afternoon will find the squad at Los Angeles City college in a meet with two members over the question, "How can we deal with the problem of propaganda presents?"

Thursday morning, May 15, La Verne college will play host to the Spartan squad in a problem solving discussion before the entire student body. Thursday evening the San Jose squad will meet Pasadena junior college in two debates.

Friday morning the debaters will contest Pomona junior college in a two-hour forum before the combined Pomona social studies and public speaking classes.

Winding up the tour will be a meet with Redlands on Friday afternoon. Tentatively scheduled for the week-end are meets with the UCLA and Occidental debate squads.

Those slated to make the trip are Ronald Maas, Arthur Grey, Natalie Ross, William Booth, and Woodrow Semerau.

## MOFFETT FIELD CHANGE AIDS FLYING CLUB

Transference of Moffett Field from the Army to the Navy has left the future of San Jose State college Flying club in a more secure position, according to Frank F. Petersen, Mathematics instructor and faculty adviser to the Aviation club.

For the past several months the field used by the Flying club had been considered by the Army as a possible annex to Moffett Field. Plans had progressed along this line to the point that the Army sent a lease on the King road airport to Washington for approval.

The security of the Flying club's right to fly in the field was in jeopardy while the lease was waiting for approval. "It is now apparent why the lease was not quickly approved," Petersen said. Lease on the King road airport is held by the San Jose State college corporation until it expires on September 15.

According to H. F. Minssen, president of the Corporation, the Army would have taken over the field at any time had the Corporation permitted it.

The current arrangement is that the club use half of the field and the Army use the other half.

Under this system the Flying club uses the 60 acres nearest the road and the Army uses the inner half.

Dr. Minssen expressed doubt as to the duration of this outlook, saying that at any moment word might be received from the Army nullifying this view. However, he did express optimism toward this new development.

## Students Give Piano Recital Sunday At 5

A piano recital by seven advanced students of Benning Dexter, Music instructor, is scheduled in the Little Theater, 5 o'clock Sunday evening. This event will climax campus presentations that recognized national music week which began May 5.

"An Hour of Music" is the title of the program, and admission is free.

Students participating were chosen from members of Dexter's piano classes to represent the accomplishments of a year's work, that started last fall.

Those appearing on the program and numbers each will perform are as follows: Howard Latta will play Beethoven's "B" flat Sonata" and William Woods will present "E flat Sonata" by Beethoven, and Schubert's "Musical Moments".

Brahm's "Romance" and "Intermezzo" will be played by Edith Eagan, wife of Thomas Eagan, Music instructor, with Gale Hartley following in two Chopin compositions, "C Minor Polonaise" and "Butterfly Etude".

Edith James will interpret Brahms' "Two Intermezzi", and Bob Belknap has chosen Debussy's "First Arabesque" and "Engulfed Cathedral". Edith Hughes' selections include Chopin's "Waltz in E Minor" and "Fantasie Impromptu".

## Chinatown Trip Scheduled For Cosmopolitan's

A visit to a Chinese theater, a Chinese dinner, and a conducted trip through the seldom-seen part of San Francisco's Chinatown will be the feature attractions offered students by tomorrow's trip to San Francisco, sponsored by the campus Cosmopolitan club.

The price, including transportation, food, and all other items, will be \$1.52 to students. A similar trip was made last year. Floradene Russell, chairman, explains, and its popularity made this second trip possible.

The group will leave San Jose at 1 o'clock tomorrow afternoon, and will return about 11 p.m.

## Barnyard Theme Chosen For Frosh-Soph Mixer

"Barnyard Frolic" is the theme which has been chosen for the freshman-sophomore mixer to be held in the Men's gym, Thursday evening.

Special entertainment in the form of contests which will coincide with the theme will be provided for all who attend. Every ticket will be numbered, forming the basis for a draft system to determine who will compete in the contests. Prizes will be provided for all winners.

Admission will be 15 cents per person, and the doors to the gym will be opened at 7:30. Dancing will follow the contests and entertainment, and refreshments will be served later in the evening.

## Petersen May Instruct Army

Frank F. Petersen, Mathematics instructor and Aviation Ground school instructor, has been asked to instruct the advanced air corps cadets at Moffett Field in a study of aircraft engines, according to the Aviation office.

This request was made by the Army early this week, according to Petersen.

This course would be taught at night and would last several hours. Petersen has not yet accepted.

Should Petersen accept this position he does not believe that it would be affected by the transference which has just occurred, believing that the Navy might continue along the lines now followed by the Army.

## 'Moonlight Sonata' Theme Of Newman Club Formal

With the theme of "Moonlight Sonata", Newman club will present its annual semi-formal dance tomorrow night from 9 until 1 o'clock in the Newman Hall, 79 South Fifth street.

Bob Berry and the Statesmen with Steve Connolley and his steel guitar will play for the affair.

Bids are on sale at the clubhouse, Controller's office, or can be obtained from Newman club members. They sell for \$1.25.

Newman club presidents from nine organizations in the Central Pacific Province have been sent special invitations to attend.

Committee heads for the dance are Gene Sunia, general chairman; Veronica Cleary, chairman of social affairs; Rita Del Piero, chairman of decorations; Genevieve Grasso, acting secretary for the

dance; Marie Hayes, publicity.

The Newman Hall dance floor has been transformed into a garden setting with trellises and lighting effects, while the veranda offers garden furniture and cool night air under a full moon.

Patrons and patronesses include the Rev. Father Francis, Mr. Wright, Dr. and Mrs. Boris Gregory and Mr. and Mrs. Dale Kearns.

## PLATFORMS OF STUDENT COUNCIL CANDIDATES TO BE PUBLISHED TUESDAY

### Policies Limited To 50 Words; Must Be Typewritten, In By 1

Campaign platforms of candidates for student council will be published Tuesday on the feature page of the Spartan Daily.

Council nominees must have their political policies typewritten, and not more than 50 words, in the yellow contributions box in the Publications office by 1 o'clock Monday.

The feature editor will have the privilege of cutting any article that is longer than the specified 50 words, and of not publishing it if it is not typewritten.

## FINAL DAY FOR JUNIOR SNEAK WEEK SIGN-UP

Juniors will have their last chance to register for participation in Sneak Week activities today, announces Wilbur Scott, junior class president.

Sign-ups will be held at a booth in the quad from 9 until 3, and those students who helped with registration Wednesday are asked to work the same hours today.

Those who do not sign up by 3 o'clock this afternoon, will have to provide their own transportation. They will not be notified when the seniors sneak, and no food will be provided for them.

Those juniors who wish to take part in Sneak Day should have sports clothes, including beach wear, available day and night next week in preparation for Sneak Week.

Students not living in town should make arrangements to live in town during the week so they can be contacted as soon as information concerning Sneak Day is learned. Addresses should be given to the Junior committee.

## CAMPUS GROUP PLANS TRIP

Plans for an overnight trip to San Mateo park Saturday and Sunday will be discussed by members of the Camp Leadership group at a meeting at noon today in room S216.

Those who are interested in making the trip should pay \$1 to cover expenses to Miss Lee Sauve in the main office of the Science building before this afternoon.

Any persons who wish to make the trip but who cannot attend the meeting should see Catherine Reed in room 213 some time today.

## Two Police School Students Get Jobs

William Davenport, a two-year technical graduate from the Police school, has received an appointment to the Monterey Police force.

Davenport originally had an appointment to the King City Police force, but turned it down for the Monterey job. Scott Bolei, another two-year technical grad, also received an appointment. He goes to the Stanford Police force.

Election polls will be opened from 8 to 5 o'clock Wednesday in front of the Morris Dailey auditorium for student council balloting. The seven highest candidates, out of 20 nominees, will be named on the student council.

A week from today there will be a general election for student body president and vice-president. They will be chosen from the seven who were named on the student council. Any necessary run-offs will be held the following Monday.

Students running for council include the following: George Kemp, Jerry Fear, Don True, Peggy McDonald, Peter Kristovich, George Hopper, Frank Lovoi, Lois Siler, Ruth Wool.

June Gross, Ivan Olsen, Curtis Beacock, Woodrow Semerau, George Hearn, Bob Hamill, Denny Morrissey, George Coles, Dave Atkinson, Harrett Mannina and Wilbur Scott.

## Frosh Debaters Schedule Meet

Five members of the freshman debate squad have scheduled an intersquad meet to be held before the Men's Brotherhood of the Methodist church of Mountain View, May 16.

Kenneth Fisher, Evelyn Bravo, Richard Flower, and Allan Isaksen will discuss the problem, "Resolved, that civil liberties be curbed during war."

## 'HAMLET' LEADS CAST IN GRUDGE SOFTBALL GAME

If William Shakespeare were alive today, we wonder how the immortal Bard would react to the sight of his favorite character, Hamlet, cavorting around the field playing a modern game of softball.

It seems that the cast and stage crew of the recent San Jose Players' production, "Hamlet", engaged yesterday in a grudge game of softball on the San Carlos turf to decide superiority. The contest was won by the cast by a football score of 19-13.

James Clancy, who portrayed Hamlet in the play, captained the cast, while Peter Mingrone led the crew into the battle.

Harrison McCreath pitched for the "behind the scenes" boys.

## The Right Attitude

In an address to the senior class yesterday, Charles L. MacLeod gave graduating students advice on "How to pick your job and land it". Choosing a job which you like and in which you find happiness is of primary importance, but the important thing in landing the job is the attitude with which you approach it.

In less than six weeks senior students will be graduating and the matter of landing a job will become uppermost in their minds. But today isn't too soon to start working on the problem of attitude.

For the past four years these students have been engaged in developing a typical college attitude of informality and familiarity. They have grown accustomed to acting collegiate, talking collegiate, and dressing collegiate, which has all been very proper and fitting for their present environment.

But this attitude would be as out of place in the business world as a formal one would

be at a college football rally.

Simply substituting a business-like approach for a collegiate one doesn't insure landing a job, however, anymore than changing everyday conduct for "company manners" insures making a good impression. The proper attitude for landing a job is something that has to be worked on.

College students are fortunate in having co-operation in this problem. The Appointment office welcomes interviews with graduating students and is anxious to give them advice on how to act and what to wear when interviewing prospective employers. Senior class advisers are always willing to give any help possible.

And the problem of attitude doesn't end when the job is landed, it carries over in holding the job. As Mr. MacLeod said in his address yesterday, "Remember, you are employed because they need someone to do a job, not because you need a job."

—Christenson.

## Sixth Columnist

### CON LACY

Local sport fans have been overlooking a good bet in the Civitan Boys' clubs' weekly boxing bouts in Spartan pavilion. Last Wednesday I stopped by the Men's gym, and for real action the youngsters can't be beat.

There were 38 boys between the ages of 10 and 15 and all saw action during the evening. Most of the matches were slugfests, although a few remembered their coaching. Spartan boxers contribute their coaching, and Civitan members sponsor each neighborhood group.

The boys compete for honor points and when enough accumulate, they are rewarded with Civitan sweater emblems. An all-city tournament with at least 150 entrants is planned tentatively for May 16, and the rivalry is keen between the different clubs.

The clubs are organized on a neighborhood basis and attempt to reach the boys that ordinarily do not belong to youth groups such as the YMCA, Boy Scouts, etc. They have been formed in districts where normally the juvenile delin-

quency rate is the highest and attempt to reach the real underprivileged classes. So some of the kids are really tough.

Ten such clubs are actively functioning now, and the program is expected to expand rapidly as soon as leaders and adequate facilities can be obtained. At present the groups meet in cellars, shacks, or garages, but in time neighborhood club houses will be built. It is hoped that vacant city property may be used for the building of these clubs, but that is uncertain.

In the future it is planned to have inter-club competition in all sports and wind up with a big all-city championship. If proper response is forthcoming from the public, it is possible that the Civitan program may become one of the most valuable units in San Jose's recreation program.

The public is invited to the Wednesday night bouts, and admission is free, so drop around if you want to see plenty of action. The gloves are big, and the kids can't hurt themselves.

## JOB SHOP

There is available a board and room job for a man student planning to attend the summer session of San Jose State.

This position is with a local convalescent home and any interested student may apply in the Appointment office.

## CONTRIBUTORS COLUMN Thrust and Parry

May 8, 1941.

To the Young Men:

What kind of a future will you have, young men, if the Axis powers win? Look at the evidence—please don't refuse to face the facts!

Can you be so naive as to believe that this struggle is none of our—of your—business? Have you read the proposals for peace set forth by a certain foreign minister recently returned from conferences with Axis chiefs?

Haven't you yet become convinced that there is in the world of today an avowed enemy of the way of life you would envision for your future—or do you refuse to believe that there is such an enemy?

If you admit there is such an opponent, do you refuse to meet him because of his early season scores? We concede defeat because we are not prepared?

Do you think the decisive battle is to be fought tomorrow that you counsel no contest?

You think we oldsters want you to fight our battle to the last drop of your blood. Not so. Your future is more your concern than ours. We simply don't want you to curse our memory for failure to warn you of the terrible alternatives you face.

Finally, I didn't raise my sons

you might use. Of course, in some acid foods (e.g. tomatoes) the taste may be altered.

College students are progressive in their ways of thought along most lines, so why not come out of the Victorian age and enjoy food?

— Anna E. Palmer,  
College Cafeteria.

to be soldiers, but, by heaven, I hope they have fortitude enough to face death rather than slavery.  
— Guy G. George.

Thrust and Parry:

Taking a neutral view in regard to the now famous Broyles, Lacy Isaksen controversy, I suggest that another member of the Social Science department be heard from.

In the interest of public information, I feel that the liberal bloc of the department should be represented as well as the reactionary. Possibly Bill Poytress would favor us.

— G. Q.

## NOTICES

The following should report to Miss Barbarez in the Appointment office today about camp counselor positions: Doris Simpson, R. Sanfilippo, Claire Lundell, M. Kennedy, A. Hansen, A. Freeman.

## Advice To Eat-Outers ...

## Diet Ditties

There's probably no subject under the sun about which there are so many strange ideas—so many theories—so much misinformation—so many superstitions—as there are about the foods we eat. Some of the notions are more or less ridiculous; some of them are weird. But they do exist; they do prevent people from obtaining the full measure of enjoyment and protection which good wholesome foods have to offer.

Do you remember being told, when you were very young, that certain food combinations were dangerous? "You mustn't eat cucumbers and milk." "Lobster and ice cream are poisonous." "It's risky to eat pickles with peaches." You can probably think of dozens more. Many of us still have a sneaking suspicion that fish is a "brain food"; that mackerel is particularly good for building gray matter.

When you come to canned foods you find many mistaken ideas—for example, many fear leaving canned foods in the tin can. It is considered that the can is just as safe as any other food container.

## Spartan Daily Sports

SAN JOSE, CALIFORNIA, FRIDAY, MAY 9, 1941

### 38 Spartans Out After CCAA Crowns

Thirty-eight strong, San Jose State athletes will journey south to Santa Barbara this morning seeking to capture four team titles in the California Collegiate Athletic Association championships, tomorrow.

The Spartans will be defending champs in the swimming events. Also entered will be members of the track, tennis and golf teams. Fresno State rules the favorite in tennis and track competition and San Jose in golf.

### CINDERMEN LEAVE TODAY FOR C.C.A.A. MEET; 18 MAKE JOURNEY SOUTH

By WALT LERNER

Coach "Tiny" Hartranft will bundle together 18 members of his varsity track team this morning at 9:30 and head south for Santa Barbara where the squad will compete in the CCAA sports carnival.

These 18 are not expected to gain a championship for the Spartans, but several of them are capable of picking up some valuable points.

Sparta's best chance for a first place rests on the shoulders of John Dierker, who last week threw the javelin 202 feet. Dierker's main competition will come from Morales of San Diego, who has thrown the spear 198 feet this season.

Lawrence O'Connor's practice heave of 46 feet in the shot shows that he is finally rounding into shape. O'Connor can be counted on for points in both weight events.

Wolf Heinberb of Santa Barbara and Ed Lawton of Fresno State have marks of 48 feet in the shot, while Holmeskey of the Gauchos has heaved the discus well over 140 feet.

Fresno State, the defending champions, will probably dominate the distance runs and the hurdle races. Art Cazares has a mark of near 4.16 in the mile and he is closely followed by his brother Gabe. Of course there is Bobby Madrid also. Madrid can run any race from the 440 to the two-mile and will be favored to win any event he entered. Kerney Sigler and Al Ornelas are Spartan entries and both boys could pick up points.

Howard Thomas of the Bulldogs should take both hurdle races without trouble. He has done 14.8 in the highs and 23.8 in the lows. Dick Campion, Wayne Rose or Dave Siemon might pick up a stray point in these events.

Spartan Captain Jim Kerr could crop the quarter mile tussle if he keeps up the steady improvement he has shown as late. Kerr is capable of hitting under the 50 flat mark if pressed.

### Grid Machine In Easy Session; House Drops Out

San Jose State's varsity grid-ders, after a bruising Wednesday evening scrimmage, went through an easy workout yesterday afternoon under perfect weather conditions. There was no scrimmage at all and the squad was confined to merely running through plays.

The Spartans dressed up in their game uniforms prior to the workout and had their picture taken, that is, members of last season's varsity.

It became almost a certainty that State would lose John Woffington from next season's club. Woffington passed his physical examinations and expects to enter the army air corp any day now. Also reported headed for the same branch are Jim Wilson and George Hearn.

First major casualty of the spring training grind found Jack House turning in his suit upon the recommendation of Dr. Jack Vogelmann. House suffered a kick in the head and Vogelmann, fearing serious injury, forbids him to play for the rest of the practice session.

Coach Walker

Coach Blesh

Coach McPherson

### Spartans Defend Doubles Crown In Tennis Play

With one championship at stake in the California Collegiate Athletic Association sports carnival, San Jose State's varsity tennis team will journey to the Southland this morning for not only a defense of their doubles crown but seeking the singles championship and team honors as well.

Last year in Fresno, Coach T. Erwin Blesh's varsity captured the doubles championship but lost the singles title in a close three-set match. Although not as strong in the doubles as last year, the Spartans have a good chance of taking the team honors, states Blesh.

Ronald Edwards should have little trouble in taking the singles crown and helping the Spartans' chances in the team total. Edwards has defeated both Dean St. Johns, Fresno ace, and Mike Koury of Santa Barbara in previous dual matches.

Other entries for the Spartans will find Nat Morton in the singles matches and Vic Morton will team with George Quetin as will Ollie Upton and Jim Thorne in defense of the doubles crown.

Main competition will come from the Fresno State squad, who have twice beaten the Spartans this year in dual competition. The State netmen defeated the Gauchos racquet swingers earlier this season by a 7-3 total and should encounter little difficulty from them. Little is known about the San Diego State team.

### Frosh End Season

The Spartan frosh track team will close its season when it clashes with Hayward high tomorrow afternoon at Hayward. The meet is slated for 3:30.

### MERMEN SET TO RETAIN SWIM CROWN; WINDSOR, FOSTER DEFEND TITLES

By WILBUR AGEE

With nine individual championships and a team championship at stake, Coach Charley Walker will take ten men to Santa Barbara this morning for the California Collegiate Athletic Association sports carnival swimming championships.

Jack Windsor, Sparta's ace springboard artist, and Dean "Diz" Foster, who has only been defeated once this year in dual competition,

are the only returning swimmers to defend their 1940 crowns in the diving and 200-yard breaststroke events.

Last year the Walkermen walked away with the major honors, taking firsts and seconds in all events and winning both relay events for a total of 95 points and the team championship. Santa Barbara State and Fresno State battled it out for the second spot with the Gauchos on top.

Two other Spartans, who last year took seconds, will be trying for the first place honors in tomorrow's meet. Joe Weitzenberg, sprinter and relay swimmer, and Jack Porter will be trying for firsts in the 100-yard sprint and the 150-yard backstroke.

Other State swimmers expected to capture major honors are Don "Scoot" Thomsen, swimming the 50 and 100-yard sprints and anchoring the freestyle relay team; Martin Wempe and Eagen Hoffman in the 220 and 440-yard events; Marty Taylor, leading backstroke of the Spartans; "Frenchy" Frelier, who last year captured seconds in the distance events, will swim the 200-yard breaststroke; and Bill Johnson, swimming the 100 and the freestyle relay.

Taylor, Foster and Weitzenberg should have little difficulty in maintaining last year's 300-yard medley relay crown, according to past performances. In defense of the 400-yard freestyle relay crown, Coach Walker will probably enter Weitzenberg, Hoffman, Taylor, and Thomsen.

### Golfers Favored To Cop Title

Favored to win the CCAA golf title for the second straight year, four Spartan golfers headed for Santa Barbara yesterday afternoon. They go into action today.

Making the trip south for Sparta are Captain Warner Keeley, Jack Bariteau, Elmer Anderson and Herb Showers.

Plenty of competition is expected from the other schools in the No. 1 and No. 2 matches, but San Jose is expected to really roll its point total up in the No. 3 and No. 4 matches, a bracket in which Sparta boasts plenty of power.

### Ball Club Calls It A Season

Spartan baseballers, waiting around to play three postponed CCAA ball games, put the suits away for good yesterday when it was announced that San Diego and Fresno would play a three-game series this week-end to decide the title.

## Fraternity Initiations Provides Enjoyment For The Spectators As Well As Pledges, Cooper

### SIMPLER LEVEL OF ACTIVITY TAKES MIND OFF COMPLEX LEVEL

"It is fun to be stupid once in a while, but it is only fun to be stupid if you can be an exhibitionist while you are being stupid," declared Dr. J. B. Cooper of the Psychology department while commenting on fraternity initiations, yesterday afternoon.

He pointed out that they revert to a simpler level of activity and less complex level of social living by carrying on their exhibitionist activities.

"Most people like to draw attention to themselves provided that it shows them in a good light. People seldom like to draw attention when it shows them in an adverse light—such as showing themselves as being bad or evil, or to show that their attentions are wrong," Cooper said.

Cooper explained that a fraternity brother after becoming a full member feels that the funny display by the pledges that follow him should be continued, and in many cases this feeling is in the attitude of getting even with the times when he was a pledge doing the same funny things.

He further indicated that it gave the fraternity brother a feeling of importance or of dominance to know that his ideas could both direct the activities of others in extreme behavior such as kicking cans around, dropping cartons of matches on the ground then picking them up again, and carrying eggs around all day.

Dr. Cooper concluded by saying, "I think it's a good idea, because it actually pleases everyone concerned. After all, we get fed up with being socialized about everything."

## COMMERCE GROUP PLANS ANNUAL PICNIC

Plans for the annual spring picnic of the Commerce department will be discussed at a meeting of the Commerce council at 2 o'clock today.

The council, made up of two members of the four branches of the department, will decide on the locale and entertainment for the picnic to be held May 27.

In past years the picnic has been held at Alum Rock park.

## Delta Nu Theta Initiates Three

Three new members were initiated into Delta Nu Theta, honorary Home Economics group, Tuesday evening, in room H44.

The new members are Frances McFadden, Betty McPheeters and Bobby Ann McPheeters. Installing officer was Grace Marie McGrady, president of Delta Nu Theta.

## STANFORD DEAN SPEAKS TO PRE-ENGINEERS

Samuel Brooks Morris, dean of the School of Engineering at Stanford university, will speak to pre-engineering students Monday night.

He will discuss engineering opportunities and Stanford's new summer session program in this field.

The meeting is being sponsored jointly by Epsilon Nu Gamma, engineering fraternity, and the Mathematics department. All interested students are invited to attend.

## Botany Group Plans Trip To San Francisco

Members of the Botany club will journey to San Francisco Saturday where they will be conducted through Golden Gate park by Park employees in order to study the plants and flowers there.

The group will leave here at 8 and transportation will be provided.

Club members have taken two trips this quarter—one to the Pinnacles near Hollister and the second to Jasper Ridge in back of Stanford university.

Allen Jacobs, Forestry instructor and adviser of the club, will accompany the group.

## Art Department Sets Picnic Date

Annual picnic of the Art department will be held Sunday, May 25, according to Patricia Oakes, chairman for the Art council.

The picnic will be held at Pescadero beach. Tickets for the occasion sell at 25 cents and may be bought from the members of Smock and Tam, Delta Epsilon, and Artizans.

Art students and their guests are invited, says Miss Oakes.

## Miss Gray Has Article Published

Lillian Gray of the Education department has an article in the current issue of "School and Society", nationally circulated educator's publication.

Subject of Miss Gray's article is "Narrow-Gauge Educators and Broad-Gauge Educators", and it deals with the theory that concentrating one's attentions upon one phase of education will develop cultural breadth as well as depth.

## Phyllis Kahn To Speak Tonight To Cosmopolitans

Phyllis Kahn, last year's president of the Cosmopolitan club, will be the speaker and guest of honor at tonight's Cosmopolitan club party, to which all students are invited free of charge, announce Fernando Taggawa and Floradeane Russell, co-chairmen.

Miss Kahn, who is now doing graduate work in sociology and who has specialized in a study of problems of racial groups, will discuss such problems encountered by racial groups on campus here and at Berkeley, and will tell how the Cosmopolitan club and the International House at Berkeley have found solutions to some of them.

Games, country dancing and refreshments will follow the discussion at tonight's party.

## 'Extinct' Otter Draws Audubons To Coast Area

Early California and Russian fur hunters sold so many sea otters in the early days that the animals were thought to be practically extinct. In 1938 a herd appeared south of Carmel, proving to scientific authorities of the National Audubon society that sea otters have managed to survive in some numbers. To see these rare and interesting animals will be the object of a motor trip of the first California Conference of the National Audubon society, scheduled for this week-end, at Monterey.

Colored motion pictures and slides, and a morning boat trip to the haunts of the black-footed albatross will be features of the program. "Everyone in California who is interested in the preservation of wild life is invited," states C. A. Harwell, California representative.

The entire week-end promises to be an outstanding event, with excellent reports and informative talks by authorities in their fields, said Miss Gertrude Witherspoon of the Science department.

## Audubon Group Meets Monday

Santa Clara Audubon society will hold its May meeting Monday evening in Alum Rock park, with an hour of bird study and a picnic supper preceding the meeting at 7:45.

Those attending should be at the Lodge with basket lunches at 5 o'clock. Grill will be available for cooking, and coffee will be served by the society.

Dr. Gayle Pickwell will speak on bird identification, with special emphasis on swallows and swifts. Miss Frances Dieterich will make

## SENIORS GIVEN POINTERS ON JOB SEEKING AT ORIENTATION MEETING

Speaking on the subject "Pick Your Job and Land It", Charles L. MacLeod, sales manager of the Schmidt Lithograph company in San Francisco, addressed members of the senior class yesterday morning at their regular orientation meeting.

MacLeod stressed the point that each person has something to sell in himself, and he must find what this is. Then he is ready to choose

## Students Must Report To Health Office Today

All students who have taken their first diphtheria immunization shots are requested to report to the Health office today.

The second of the series of three shots will be given between 11 a.m. and 12:45 p.m. If only one or two shots are taken, partial immunity to the disease results, according to Health office reports.

## EIGHT NEEDED TO TAKE PART IN PLAY DAY

Eight women are needed to participate in a Play Day with Stanford today, according to Harriet Sheldon, president of the Women's Tennis club.

The Play Day will be this afternoon from 3 until 5 at Stanford. Transportation will be provided. All women interested should see Miss Marjorie Lucas or Miss Barbara Ross in the Women's gym immediately or sign on the bulletin board there, Miss Sheldon states.

## Red Cross Captains Meet Monday At 12

All captains for the campus Red Cross auxiliary are asked to attend an important meeting Monday from 12 to 12:30 in room 108 of the Science building.

Miss Pauline Lynch, "colonel" for the auxiliary, and Miss Bernice Tompkins of the faculty will direct the meeting.

### NOTICES

All committee heads for the Frosh-Soph mixer please meet in the quad today at 12:30. Very important.—Don Streepey.

**LOST:** Navy blue purse last Friday between 9 and 10:30 a.m. Please return to Information office.

a report of the April field trip. Reports of the State Convention of Audubon societies at Monterey will also be given.

what sort of work he wishes to do. "The most important thing is to find happiness in the work that you do," MacLeod said. He stated several points designed to aid seniors in securing the job they want.

A ballot taken by seniors during orientation showed that the majority of the class is in favor of abolishing kidnapping from Sneak Week activities, according to Jus Lundquist, president.

Dr. James De Voss, class adviser, announced that all seniors will be exempt from final examinations.

Faculty members will entertain seniors at a party at the San Jose Women's club this evening from 8 to 11 o'clock. The affair will be semi-formal and will replace the faculty reception usually given during senior week.

## Entrants Selected To Compete In San Mateo Horse Show

Tryouts for those who will compete in the San Mateo Horse show Saturday, May 17, were held Tuesday afternoon. Eight members of the San Jose State Riding club were chosen to represent the college in the Intercollegiate showing.

In the Intermediate division, Helena Griffiths, Virginia Peeke, Barbetta Browne and Paula Beckwith were chosen and in the Beginning division were Gale Hartley, Barbara Lee Owen, Jane Lovell, and Betty Fitzgerald.

The show is being sponsored this year by San Mateo Junior college and will be held at their Gymkhana club. Following the event, entrants and their escorts are invited to the dance at the clubhouse.

Practices for those women chosen from this college as entrants will be held from today until the day of the show, according to Paula Beckwith, president of the group. The entire club will ride as usual next Tuesday and Wednesday afternoons, leaving the Women's gym at 4 o'clock. Miss Beckwith states.

All men and women on campus who are interested in riding, are invited to tryout for the club.
